

TDHI STARTUP
RECOVERY AND
DEVELOPMENT
FUND

Activity 30 09 2024

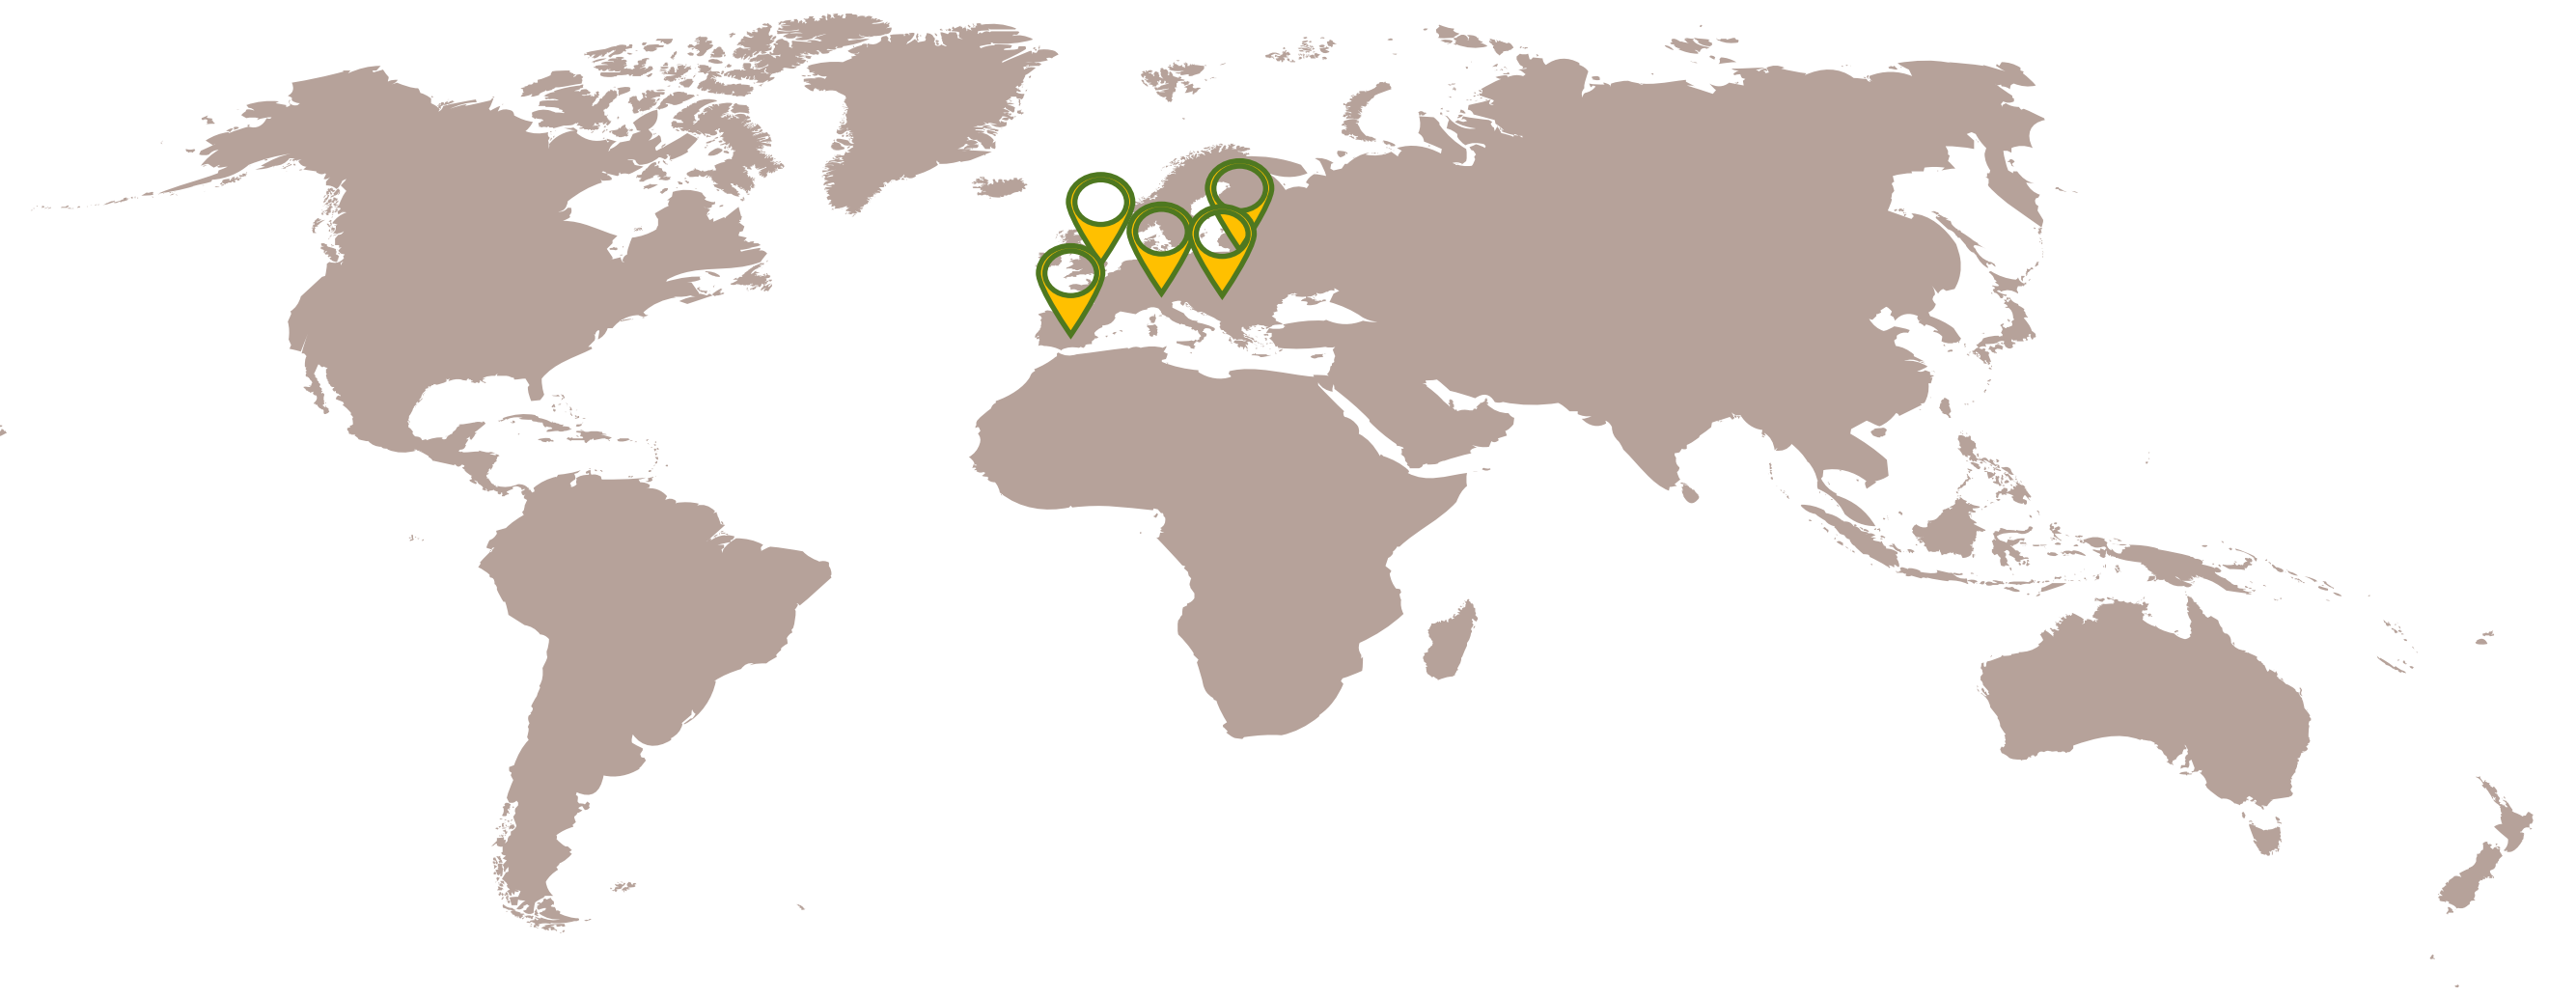

The 10th month of 2024 begins. We are evaluating further opportunities to increase the availability of the TDHI RADF, which will be used to support the companies and projects in which the TDHI GROUP decides to invest.

Reading our website and international proposal documents could be very useful. We have resources, skills and professionals to develop projects or companies that we carefully select. Since we finance the development of SMEs without obligation for customers to repay, TDHI ITALIA or TDHI INTERNATIONAL must refund; therefore, the selection is very rigorous.
